| **B. Associate Administrator of Medical Services/ Acting Associate Administrator of Professional Support Services** | Dr. Duenas informed the Board of the following:  
- Compliance rates for “Patient hot meals” should trend upward with the installation of the new dishwashing machine;  
- a QAPI manager/coordinator for the medical staff was critical. Ms. D. Manglona stated that the dedicated individual did not need to be a nurse or physician;  
- cardiology and interventional radiology teams struggled with the availability of just one room for procedures. Mr. Camacho informed the Board that the modernization of the angio suite was included in the GMHA’s FY 2019 budget request submitted to the legislature. | Dr. Duenas | Updates to be reported at the next scheduled meeting. | Informational |
| **C. Assistant Administrator of Nursing Services** | Ms Pecina informed the Board of the following:  
- although the census had been high for the past several months, the nursing staff were resilient. The census peaked at 150 in October through December 2018 and, it was worth mentioning, that border patients in the ER had reached a record high of 20 in November and December 2018;  
- the high census had an impact on staffing;  
- there were 40 nurses hired in the past two months, 23 of whom were recruited from the University of Guam graduating class;  
- there were 5 candidates from Dr. Santos’s program that passed their NCLEX courses;  
- there were a total of 42 participants in the Department of Labor refresher course, 13 passed, 4 were from GRMC and 8 were from GMHA, 8 participants were pending the completion of the exams;  
- there were only 8 ICU beds available at this time due to the critical shortage of specialty nurses;  
- Nursing Services continued with its QAPI activities; | Ms. Pecina | Updates to be reported at the next scheduled meeting. | Informational |
- a physician Wound Care Champion was identified;
- 3.5 clinical case managers were on board;
- 3 bariatric beds were acquired and in use, stretchers for bariatric patients were needed.

### D. Chief Financial Officer

Mrs. Manglona provided her written report for the Board’s reference and highlighted the following:
- a response from CMS regarding the hospital’s adjustment requests for fiscal years 2014 through 2017 was still pending. Worth noting was that CMS was years behind in its review of adjustment requests for other organizations as well;
- revenues had increased in the past two months with averages of $12.5M to $13.8M and $14.7M, respectively;
- the average monthly operating expenses was between $9.6M and $10M;
- cash receipts were affected by the decline in collections from Medicare and Medicaid. November was notably the month with the lowest collections for the government, overall;
- the lack of CIP funding by the legislature resulted in the hospital reducing its budget by 14% to address urgently needed capital improvements like the electrical panel and leaky roof;
- payment had not been received by the Department of Corrections in the last 3 quarters. The hospital was owed approximately $2M for services rendered.

The newest members to the Board of Trustees expressed that they had expected their first meeting to be more focused on an orientation into the hospital. They acknowledged that many items on the Agenda had been awaiting Board approval, and agreed to take action on the most pressing matters. However, it was noted that the orientation into the organization and familiarity with the matters at hand would have helped them in making more informed decisions.

An orientation will be arranged before the next scheduled regular meeting of the Board of Trustees.

E. Quality & Safety

The Board was informed that the Compliance Team was actively reviewing the hospital’s Quality Assessment and Performance Improvement (QAPI) Plan, and will be making recommendations for revisions which would require approval by the Executive Management Council and eventually the Board of Trustees.

The decision was, in part, from past criticisms of being data rich and improvement process poor by the hospital’s accrediting and certifying bodies.

The goal was to improve the hospital's QAPI plan, making it meaningful and relevant to the overall improvements of the delivery and provision of patient care and services, and will be tied to improving patient care outcomes.

F. Finance & Audit

1. 2019-23, Relative to Approving 53 new Fees
2. 2019-24, Relative to Approving 52 New Fees and Updating 8,844 Professional Fees

Ms. Manglona informed the Board that public hearings for fees were held quarterly to comply with the adjudication process requirements.

She stated that in addition to the increase in fees, the Finance Team was also looking into updating the chargemaster.

Trustee Davis motioned, and it was seconded by Trustee Dr. Um, to approve resolutions 2019-23 and 2019-24 as presented. The motion carried with all ayes.

Updates to be reported at the next scheduled meeting. Approved

VI. ADMINISTRATORS’ REPORTS

A. Hospital Administrator/CEO

Ms. Perez-Posadas reported the following:
- The Centers for Medicare and Medicaid Services conducted a revisit in May 2019, and there were two major citations from this visit compared to the seven in a prior visit.

The hospital had engaged with consultants, ECRI and Anesthesia Concierge, to address the most impactful citations that related to QAPI, discharge planning, and anesthesia services. Additionally, Discharge

Planning nurses were hired which was to CMS’s satisfaction.

- A meeting with the Department of Labor was held and the hospital was informed that funding was available for Healthcare Workforce Development. The program was expected to launch in Aug. 2019 and will be offered to employees who were interested in becoming nurses. It may also be extended to other areas within the hospital.

- The hospital was exploring its options with regard to the replacement of its clinical electronic health record (EHR) system.

- The use of the Pyxis medication dispensing systems was expected to launch in Jul. 2019. The use of these newly acquired systems would minimize the number of insurance denials for medication claims.

- Arrangements were being made to have the U.S. Army Corps of Engineers conduct an assessment of the hospital’s structure. The information collected would be used to determine if the existing structure needed to be replaced in its entirety.

RELATIVE TO AMENDING THE MINIMUM QUALIFICATION REQUIREMENTS OF THE HOSPITAL PHARMACY TECHNICIAN I POSITION

WHEREAS, on March 12, 2019, the Hospital Administrator/CEO approved the amendment of the Class Specification of the Hospital Pharmacy Technician I position at the request of the Pharmacy Manager; and

WHEREAS, the amendment of the minimum qualification requirements are necessary to fill positions in meeting the objectives of the Pharmacy Department and the provisions of the Consolidated Cooperative Agreement between the Department of Corrections and the Hospital for medical services inclusive of pharmaceutical care; and

WHEREAS, recruitment efforts reveal an insufficient number of qualified applicants meeting the current minimum qualification requirements for the position; and

WHEREAS, requirements have been met as per the Department of Administration (DOA) Policy HRD 07-0426 (2), Amendment of Positions; and

WHEREAS, the class specification of this position is hospital specific and there is no impact on any other agency outside the Authority; and

WHEREAS, the Human Resources Subcommittee on March 19, 2019 recommended approval to amend the class specification for the Hospital Pharmacy Technician I position.

NOW, THEREFORE, BE IT RESOLVED, that the GMHA Board of Trustees accepts the Human Resources Subcommittee’s recommendation and approves the amendment to the class specification (the amendment has no effect on the compensation of the position); and

BE IT FURTHER RESOLVED, that the Chairperson certifies and the Secretary attests to the adoption of this resolution.

RELATIVE TO EXTENDING 15% CERTIFICATION PAY DIFFERENTIAL
TO RADIOLOGIC TECHNOLOGISTS WITH NATIONAL CERTIFICATION

WHEREAS, Title 4 G.C.A, Section 6229.6, provides a minimum certification pay differential for all nurses and other healthcare professionals, who have a national or Guam board certification, calculated at the rate of their regular wage plus fifteen percent (15%); and

WHEREAS, Title 4 G.C.A., Section 6229(c) defines healthcare professionals as employees essential to the delivery of patient/client care services as defined in Title 10 G.C.A. Section 10101 and PL 22-87 Section 5; and

WHEREAS, Title 10 G.C.A. Section 10101(b) defines healthcare professionals as any person licensed or certified to practice the healing arts within the territory of Guam; and

WHEREAS, Title 10 G.C.A. Section 12101(b) defines the healing arts as “the art of prevention, detecting or attempting to detect the presence of any disease; of determining or attempting to determine the nature and state of any disease, if present; or preventing, relieving, correcting or curing of or attempting to prevent, relieve, correct or cure any disease; of safeguarding or attempting to safeguard the life of any woman or infant through pregnancy and parturition; and of doing or attempting to do any of the acts enumerated in this Subsection. The healing arts include, but are not limited to, optometry, nursing, chiropractic, dentistry, medicine and surgery, physician assistants, podiatry, psychology, osteopathic, pharmacy, physical therapy, acupuncture, speech language pathology, audiology, respiratory therapy, nutritionist/ clinical dietician, cosmetology and veterinary medicine”; and

WHEREAS, under Guam law, the definition of healing arts does not specifically include allied health positions related to radiology sciences; a field that uses ionizing radiation, sound waves, and magnetic fields to produce medical images for diagnostic purposes; and

WHEREAS, the GMHA Board of Trustees (the “Board”) recognizes the value of radiologic technologists in assisting physicians who interpret medical images to diagnose diseases and injuries, and that such positions are difficult to fill and retain; and

WHEREAS, the Board also recognizes that certain specialized radiologic technologists (such as angiography technologists, bone density technologists, CT technologists, mammography technologists, MRI technologists, and sonographers) may perform diagnostic imaging
examinations which would fit the definition of practicing the healing arts in Guam as “detecting or attempting to detect the presence of any disease;”

NOW, THEREFORE, BE IT RESOLVED, the Board has determined it to be in the best interests of the GMHA to extend the 15% certification pay differential provided by Title 4 G.C.A, Section 6229.6 to radiologic technologists with national certification who are employed at the GMHA; and

BE IT FURTHER RESOLVED, that the Chairperson certifies and the Secretary attests to the adoption of this resolution.

Trump to face his biggest test yet on the economy

By Damian Paletta and Heather Long
The Washington Post

WASHINGTON - President Donald Trump faces a number of major decisions on trade and the budget in the coming months just as the U.S. economy faces the biggest headwind of his tenure, forcing him to decide whether to reiterate as recession fears mount for next year.

Trump has threatened to escalate trade conflicts with China, Mexico, the European Union and Japan, spooking business leaders and leading some to pull back investment. Similarly, budget and debt-limiting talks with congressional leaders from both parties have sputtered, raising the possibility of another government shutdown in October.

The uncertainty - and a cooling global economy - led JPMorgan Chase on Monday to predict that there was a 45% chance the U.S. economy would enter a recession in the next year, up from 20% at the beginning of 2018.

Also Monday, a key gauge of New York's manufacturing industry notched the biggest one-month drop ever recorded. It was the latest sign that after a relatively strong economy last year, political and economic forces appear to have combined this year in a way that has darkened the economic outlook. This could be problematic for Trump, who has tried to tout the economy's performance as key to his reelection.

"The key question is: Can you have a smooth landing for the economy?" said Vincent Reinhart, chief economist for Mellon and a former Federal Reserve economist. "We're going through a slowdown and nobody likes it. It doesn't feel good."
LOS ANGELES Tribune News Service) — Hall of Fame trainer Jerry Hollendorfer was ruled off the Santa Anita track after a fourth horse in his care died while racing or training.

American Currency on Saturday suffered a life-ending leg injury to his left front fetlock (ankle) while running over the training track, according to Rick Arthur, chief equine veterinarian for the California Racing Board. It was the first fatality this meeting on the training track, which sits between the turf course and infield area and is not used for racing. It was the 30th horse fatality since the meeting opened on Dec. 26.

“Individuals who do not embrace the new rules and safety measures that put horse and rider safety above all else will have no place at any Stronach Group racetrack,” the company that owns Santa Anita and Golden Gate Fields, in Albany, California, said in a statement.

“We regret that Mr. Hollendorfer’s record in recent months at both Santa Anita and Golden Gate Fields has become increasingly challenging and does not match the level of safety and accountability we demand. Effective immediately, Mr. Hollendorfer is no longer welcome to stable, race or train his horses at any of our facilities.”

In addition to the four horses at Santa Anita, he lost two during the fall-winter meet at Golden Gate Fields, River of Doubt, a 3-year-old filly, died on Nov. 11 and Defiantly, a 6-year-old gelding, was euthanized on Jan. 6 after breaking down. Hollendorfer could not be reached by the Los Angeles Times, but told the Daily Racing Form, “I’m trying to work out a plan now. The only thing I have to say is that the stewards or anyone loses a horse the whole backstretch loses. I’m training over 100 horses right now. Santa Anita didn’t want me to stay on the grounds. My opinion was that was a premature thing to do. I thought it was extreme. Now I have to step away for a while.”

Santa Anita’s meeting ends Sunday and its sister track, Golden Gate Fields, is currently not running. American Currency, a 4-year-old gelding, had won three of 13 races lifetime. He was scheduled to run last Sunday in a $12,500 claiming race, among the lowest quality races run at Santa Anita. However, he was listed as a veterinarian scratch.

In his last race on May 17, a $25,000 claiming race, he finished last in a five-horse field. Hollendorfer was part-owner of the horse.

Hollendorfer had two horses entered on Saturday, the Nightingale in the seventh, and Durling in the ninth. Both were scratched.

Hollendorfer, 73, maintains stables at Santa Anita and Golden Gate Fields and just sent horses to run in New York. Joe Harper, chief executive and president of Del Mar, said it was too early to make a decision about whether Hollendorfer would be allowed to race at the seaside track, which opens on July 7. Orlando Gutierrez, a spokesman for Los Alamitos, said his track, which picked up racing June 29, had not made a decision.

Mike Martin, a spokesman for the CRB, said the pre-race panel that evaluated horses for the last six days at Santa Anita would be used at Los Angeles, although the people it comprises might change.

Hollendorfer’s recent success has come with Shared Belief and Songbird, both Eclipse Award winners. He has won 767 races in 33 years and is in a career that goes back to 1979. His horses have won almost $200 million in purses. He was inducted into the racing hall of fame in 2011.

The first horse of his to die this meeting was Psychedelicat, a 4-year-old gelding, when he was euthanized after breaking down in a $16,000 claiming race. His second horse to die was Battle of Midway on Feb. 23.
