V. NEW BUSINESS				
<p>A. <u>Bill No. 305-35 (COR) is an act to add Chapter 98 to Division 4 of Title 20, Guam Code Annotated, relative to a Public-Private Partnership for the management of the Guam Memorial Hospital Authority</u></p>	<p>Mrs. Posadas informed the trustees that GMHA did not provide an official response to Bill No. 305-35 and that the hospital does not need a private-public partnership at this time.</p> <p>The financial situation of the hospital in 2016 was unstable therefore the leadership and the legislature at the time considered a private-public partnership for the hospital.</p> <p>Mrs. Posadas expressed that the current leadership has lifted and built the hospital to a level where there are stronger working relationships and employees are happy and pleased with the support and resources given to them to work safely and completely.</p> <p>According to Mrs. Posadas, GMHA has hired more talent especially for positions that have been vacant. In addition, the hospital's Quality Assurance and Performance Improvement (QAPI) has become more robust and engaged, including physicians which is recognized by CMS.</p> <p>She further adds that if a private-public partnership were to happen, GMHA would have to pay for the service but does not have the funds to do so.</p> <p>Ms. Allen expressed that the current management just took over and that it takes two to three years to see the effect of leadership. She went on to say that she does not think it's fair to say that it's not working and make a proposal based on previous performances from previous leadership. She believes that GMHA has made great stride toward improvement and that many deficiencies have been corrected.</p> <p>Trustee Davis suggested that GMHA retrieve a copy of the RFI submitted in February 2020 from GEDA before responding to Senator James Moylan.</p>	Hospital Administrator	Updates to be provided at the next scheduled meeting.	Open

	<p>Dr. Um expressed that the biggest deficit he sees is leadership changes so frequent which makes it hard to have any continuity.</p> <p>Trustee Evaristo informed the trustees that the press release was addressed to the board to prepare a proposal for performance management.</p> <p>Chairwoman Obispo informed the board that she would like to look into the matter further and review the RFI before giving a response.</p>			
B. <u>2020 Strategic Plan Implementation Report Update</u>	<p>Chairwoman Obispo informed the trustees that she had met with Mrs. Posadas and Mr. Kando to discuss the strategic plan and how metrics should be created so that the board members can identify and track the goals as progress is being made.</p> <p>Mr. Kando informed the board that he and his team developed action steps for the five year strategic plan.</p> <p>For years 2020-2222, each goal was individually scored and then averaged to create a scorecard for each of the goals.</p> <p>Trustee Nededog asked if staff are aware of the strategic plan. In response, Mrs. Posadas informed the trustees that the strategic plan was established in 2017 for 2018-2022 and that she will communicate the plan to those who are unaware so that they can participate and be engaged in meeting the goals. She explained that it can be communicated via day briefing as well so that employees are updated on a regular basis.</p>

WHEREAS, Title 4 G.C.A., Section 6229.7 provides for additional compensation as it relates to work essential to the delivery of patient care services such as overtime pay, weekend pay, holiday leave and work pay, leave accumulation, and monetary compensation as applicable; and

WHEREAS, Title 4 G.C.A., Section 6229(c) defines healthcare professionals as employees essential to the delivery of patient/client care services as defined in Title 10 G.C.A., Section 10101 and PL 22-87 Section 5; and

Hafa adai Trustee Evaristo,

The May 2020 financials are attached. The following is a brief summary of the financials:

May 2020

Cash

- The cash balance was \$10.6 million as of 5/31/20 compared to \$4.6 million as of 9/30/19. Cash increased by \$5.9 million due to CARES Act relief funds received in April & May of \$7.7 million, Medicare advanced payment received of \$4.5 million, and a decrease in accounts payable. Total Medicaid/MIP funds received in April were \$4.6 million. DOA allotment received was \$2.6 million.

Payables

- Accounts payable at 5/31/20 was \$12.1 million (\$1.0 million for payroll payables paid in June), a \$6.7 million decrease from 9/30/19. As of 5/31/20 the amount owed to DRT for past withholding taxes was \$2.4 million and this was paid off on June 19, 2020. A decision to waive interest and penalties of \$2.3M was received June 19 from DRT Director.
- We booked a \$4.5 million liability for the repayment of the Medicare advanced funds. Noridian should start the deductions in August 2020.

Revenues

- YTD net revenues was \$74.2 million compared to \$73.2 million YTD FY 2019, a 1% increase, and 7% higher than budget.
- Net patient revenues for May 2020 was \$7.6 million; \$2.5 million less than May 2019 due to decreased census as a result of closing GMH's outpatient and elective services to respond to COVID-19. However, May net revenues are \$2.0M higher than April net patient revenues since patient census was higher than April.
- Year to date (YTD) gross revenues was \$117.2 million which is \$3.9 million above projections, but \$1.5 million below FY 2019 YTD gross revenues.

Billing & Collections

- FY 2020 YTD collections was 53% of gross revenues or \$62.4 million of which \$13.3 million was Medicare collections, \$17.5 million was Medicaid collections, and \$5.8 million was MIP collections. The 3 M's comprised 59% of YTD collections while third party payers comprised 34% and self-pay patients comprised 7%.
- May 2020 monthly collections was \$8.4 million, which is \$818 thousand less than May 2019. YTD collections were \$8.0 million higher than YTD FY 2019.

- Billing has improved significantly as coders have caught up after hiring additional coders and adjusting schedules.
- We have started an appointment system to entertain patients who want to pay bills, obtain medical records, make payment arrangements, etc., and adhere to social distancing protocols.

Insurance Companies Updates

- Aetna payments are slowly improving to 42% of gross Aetna revenues from 9% in December 2019. We are still working with them to resolve out-of-network physicians issues and denials. We finally received the payer agreement and that is with legal counsel now.
- Takecare issues are status quo (claims GMH owes them \$6.4 million in credits from overpayments from 2017). They have been extremely slow to pay claims with a \$17 million receivable. Takecare has been out of network since March 12. It appears they may be paying out-of-network claims faster and we are gathering data to track this.
- After settling with Selectcare on the longstanding dispute over specialty labor care charges and underpads, we will meet with them in July to resume discussion about cardiac case rates and aberrant day denials.

Expenses

- Operating expenses in May 2020 were \$10.9 million, 2%, or \$207 thousand, higher than May 2019. This was mainly due to personnel costs were 15% higher than May 2019 due to COVID differential pay.
- YTD operating expenses were \$88.2 million, a 7% (\$6.0 million) increase from YTD FY 2019. The increase was mainly due to increases in personnel costs (\$4.8M) and miscellaneous (\$1.2M). These increases resulted from COVID related expenses.

FY 2019 Audit

- The audit will be released in June 2020. It was delayed by a couple of factors – OPA did not allow Deloitte to begin the audit until November 2019, the hospital's closure from COVID, and the delays in receiving confirmations from DRT and Attorney Fisher, our litigations attorney.
- The 2018 Medicare cost report is ongoing. Our consultant is currently working with the auditors.

Please let me know if you have any questions.

Best regards,
